Lower costs with long  
disc life and fewer  
disc changes

\*Applies to 3M Xtract™ multihole discs.

\*Compared to conventional abrasives.

# 3M Xtract™ Cubitron™ II Cloth Disc 900DZ

## 3M™ Cubitron™ II Cloth Disc 900DZ

**900DZ**  
Premium Series

Durable, fast-cutting, long lasting with improved dust extraction.

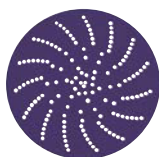

Fast and effective cutting action on a variety of materials, 3M Xtract™ Cubitron™ II Cloth Disc 900DZ and 3M™ Cubitron™ II Cloth Disc 900DZ are built for tough sanding jobs. This abrasive is designed to reduce time-costly operation. It features 3M Precision-Shaped Grain that cuts fast and lasts longer than conventional abrasives. The open coat construction prevents the mineral from loading, resulting in a longer life abrasive disc that continues to cut, even when working on surfaces that would normally hinder sanding ability. It can be used on wood, metals and composites in applications requiring heavy stock removal. Finer grades are suitable for blending and finishing aluminum, hardwoods, softwoods and composites.

- Tough and durable cloth backing combines wear-resistance with flexibility
- Versatile disc performs well on aluminum, fiberglass, gelcoat, hard and soft woods
- 3M™ Hookit™ attachment system provides easy disc changes and optimises disc life

For best results, pair with a 3M Xtract™ Back-up Pad (multi-hole) and a Random Orbital Sander with vacuum\*

\*Both sold separately

3M Xtract™ proprietary multi-hole pattern provides superior dust extraction to prevent loading, increase productivity and provide a cleaner work environment.

J-weight cloth backing combines wear-resistance with flexibility.

Additional options for sizes, hole configurations, and backing types, such as Stikit, are available. For further information, please contact your local 3M Distributor.

**Product Selection and Use:** Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment and reviewing all applicable regulations and

standards (e.g., OSHA, ANSI, etc.). Failure to properly evaluate, select, and use a 3M product and appropriate safety products, or to meet all applicable safety regulations, may result in injury, sickness, death, and/or harm to property.

**Warranty, Limited Remedy, and Disclaimer:** Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price.

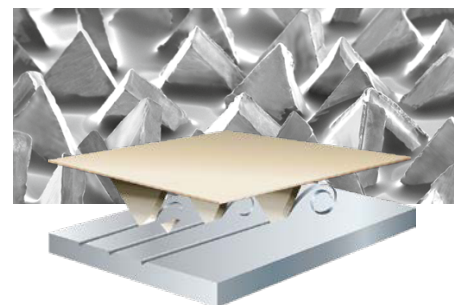

**Limitation of Liability:** Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
